This plan has been developed with reference to the SCiP Alliance's 'Thriving Lives Toolkit'. This sets out 7 priorities for developing best practice with regard to supporting children from service families:

1. Our approach is clear;
2. Wellbeing is supported;
3. Achievement is maximised;
4. Transition is effective;
5. Children are heard;
6. Parents are engaged;
7. Staff are well-informed

<b>Outcome A and B</b>				
(because both objectives A and B require broadly the same actions to maintain quality-first teaching and impactful interventions, develop an ambitious curriculum and foster good behaviours and attitudes, they are grouped together here)				
<b>Success criteria</b>	All service pupils make at least expected progress, and achieve in line with non-service pupils, as a result of consistently high expectations and effective support across the school. They feel well supported and know what they need to do to improve and what their next step of learning is.			
<b>Thriving Lives Toolkit ref.</b>	3. Achievement is maximised
